27 September: Sports Awards Evening

28 September: Last Day of Term 3

Upgrading our communications

Early in term 3 we will be launching a new MRGS website and a school app.

The website will not only be easier to navigate but also strongly reflects the community spirit, the individuality of learning and the academic success of our school. The app will allow all our community quick and easy access to important dates and information. It will also improve the two-way communication between home and school. Among other things, the app will allow families to explain absences, check on sports draws, and receive urgent updates and access information such as term dates and holidays.
